MEMORANDUM FOR: Director of Central Intelligence

FROM :

[REDACTED]
A/EO/DCI/NI

SUBJECT : Agency Informational Pamphlet

Attached are copies of letters you might wish to send the people involved in producing the Agency pamphlet. I have also attached a draft of a cable to Angus Thuermer who thought up this whole project and devoted a great deal of time and effort to monitoring its progress. In fact, he even shared the nasty chore of proofing the galleys. At the behest of Andrew Falkiewicz, a new paragraph two of your introductory statement has been inserted. A copy is attached. We are very pleased that you like the product and we hope it will serve the Agency well.

Paul Allen

From the Director

Almost every day we are asked basic questions about the Central Intelligence Agency. What is intelligence? What is the CIA? What does it do? What laws govern its operation? How is it organized? What kind of people work for CIA?

[Until fairly recently, the answers to such questions were regarded as sensitive information. As a result of the several investigations of the Agency and the Intelligence Community, however, much of this information has been shared with the public.]

Much of the Agency's work is secret and must remain so. Within that limitation, however, we have tried in this booklet to organize and present information to answer the basic questions. We encourage anyone interested in obtaining additional information about the Agency to write to the Assistant to the Director, Central Intelligence Agency, Washington, D.C. 20505.

George Bush
Director of Central Intelligence

NEW PARAGRAPH TWO:

There is great public interest in our nation's intelligence system. We believe as much information as possible about the CIA and the Intelligence Community should be shared with the public.

SUBJECT : Agency Informational Pamphlet

Attached is the final proof of the proposed Agency pamphlet which has been in gestation since April. Needless to say, it will look better when printed on white stock with black ink. As soon as your approval is received -- by 10 November if possible -- it will be printed. We plan to order 1,500 copies: 500 for Mr. Falkiewicz, the rest for the DDA. I would welcome any final suggestions or comments you might have. I would also like to compliment the Graphics and Visual Aids Staff of Printing and Photography Division for their help, imagination, and cooperation.
